

Google Ads Account Recovery Plan

(ADMISSIONDESK | Customer ID: 229-906-3682)

Current Issue Identified

The Google Ads account is currently **SUSPENDED** due to:

Circumventing Systems Policy Violation

This may include signals like:

- Multiple account activity
- Content inconsistency
- Trust & verification issues (Billing info is used in multiple accounts)

👉 Additionally, the **previous appeal has been rejected**, which means stronger corrective actions are now required.

Root Cause (Simplified Understanding)

Google currently does **not trust the account at a system level** due to past activity patterns.

This is not just a website issue — it is a **combined issue of:**

- Account history
 - Website transparency
 - Business verification signals
-

Action Plan (Recovery Strategy)

1. Website Transparency Fix (Today - Tomorrow)

- Add proper disclaimers
 - Improve CTA clarity (No misleading buttons)
 - Ensure genuine & consistent content
 - Remove any misleading or aggressive claims
-

✔ 2. Google Search Console Integration (Tomorrow)

- Submit website for indexing
 - Strengthen organic trust signals
-

✔ 3. Old Account Cleanup (Today)

- Identify and remove/disable unused Google Ads accounts
 - Ensure no duplicate billing or business conflicts
-

✔ 4. Advertiser Verification (Today)

- Complete/update advertiser identity verification
 - Align all business details properly
-

✔ 5. System Processing Wait Time (48 Hours)

- Allow Google systems to register updates
 - Avoid immediate re-appeal
-

Final Step

Appeal Resubmission Date:

10th June 2026

Expected Outcome:

- 10th June (Evening) OR
 - 11th June (Morning)
-

Success Probability

If all above steps are implemented correctly:

 **High probability (up to ~95%) of account recovery or movement toward approval**

● Important Note

- Google Ads support does **not provide exact solutions** for such suspensions
 - Recovery depends on **corrective actions + trust rebuilding**, not support replies
-

● Conclusion

This is a **sensitive but recoverable case**.

With proper implementation, the account can regain trust and resume advertising.
